**DETAILED ACTION**

Claims 1-28 are pending.

The rejection of claims 1-28 under 35 U.S.C. 103(a) as being unpatentable over Miracle et al. (US 5,576,282), and further in view of Ligman (US 5,555,595) or Sham (US 5,386,612), is maintained for the reasons set forth in the office action filed 11/13/2002.

***Response to Arguments***

Applicant's arguments filed 11/13/2002 have been fully considered but they are not persuasive. The applicant argues that if the carpet cleaning composition of Miracle is used with the carpet cleaning apparatus of Ligman a carpet may be lightened. Although this may be true in some cases, that may be the desired effect and in some cases it may not. Regardless, the combination of the two references would render the instant claims obvious still the same.

In response to applicant's argument that there is no suggestion to combine the references, the examiner recognizes that obviousness can only be established by combining or modifying the teachings of the prior art to produce the claimed invention where there is some teaching, suggestion, or motivation to do so found either in the references themselves or in the knowledge generally available to one of ordinary skill in the art. See *In re Fine*, 837 F.2d 1071, 5 USPQ2d 1596 (Fed. Cir. 1988) and *In re Jones*, 958 F.2d 347, 21 USPQ2d 1941 (Fed. Cir. 1992). In this case, Again, the

Art Unit: 1751

primary reference does indicate that the composition is applicable to many types of cleaning operations, such as shampooing carpets. Therefore, one would be motivated to employ one of the following carpet cleaning machines to clean a carpet with the carpet shampoo of the reference.

In response to applicant's argument that the examiner's conclusion of obviousness is based upon improper hindsight reasoning, it must be recognized that any judgment on obviousness is in a sense necessarily a reconstruction based upon hindsight reasoning. But so long as it takes into account only knowledge which was within the level of ordinary skill at the time the claimed invention was made, and does not include knowledge gleaned only from the applicant's disclosure, such a reconstruction is proper. See *In re McLaughlin*, 443 F.2d 1392, 170 USPQ 209 (CCPA 1971).

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 1751

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
